

PRINCIPAL'S CORNER

Our dear students, Parents and staff.

A student who is taught discipline will learn the power of self-control. Freedom, to be truly effective, needs the guidance of discipline. To be successful, we need self-discipline which teaches us to sacrifice individual interests in favor of group interest.

Our children represent our hopes and dreams. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face future challenges.

Education is a process that creates an understanding of moral and ethical values to guide one's life and make our students the future hope of the country.

Parents, students, and the school authorities are a team and complement each other's efforts. We hope to create an atmosphere of reverence. In order to do this, the parents and the school authorities must work together to inculcate certain values in the student. Respect for elders, especially the teachers, parents and a commitment to discipline are engraved in the Ugandan culture. Let us inculcate these ideals in our children / students.

Lastly indecent dressing is not allowed. The school administration and the students body are going to work hand in hand to deny access to students who are dressed indecently. Discipline and decent dressing is going to be an integral part of our daily deliverables.

STUDENT'S CORNER

EVERYTHING WILL COME IF WE CAN WAIT.

Dear students, your school life may not be that good as you would wish it be at the moment but it doesn't mean that it's the end of the journey.

There is more to life than what you may be having right now or more of what you're experiencing. We need more patience, courage and confidence so as to create the kind of future that we may all wish to have.

We can achieve it all only if we're a little more patient.
